pure collagen peptides + C

Get your glow on.

The gut skin connection

Healing your gut and reducing gut inflammation influence your overall health, especially your skin.

This supportive blend of collagen and vitamin C encourages the rebuilding of cells in your gut, supporting your overall health and giving you a healthy glow.

Better together

The combination of pure collagen with vitamin C provides synergistic benefits to all connective tissue in your body, including your gut and skin.

Vitamin C stimulates the production of collagen, making collagen and vitamin C a powerful skin duo to bring you beautiful, healthy skin that glows from the inside out.

Healthy skin from within

pure collagen peptides + C promotes healthy skin by supporting collagen formation and skin elasticity. It is produced from pure bovine collagen using a proprietary process to enhance absorption.

The combination of pure collagen peptides and pure vitamin C helps support healthy connective tissue production in the body. Healthy connective tissue is key to strong joints, healthy gastrointestinal membranes, skin healing and regeneration, and hydration. Overall supporting a natural healthy glow and healthy ageing.

Clean and light

pure collagen peptides + C is an amazingly pure and light flavoured collagen that leaves you feeling energised and refreshed. Made from all-natural ingredients, it is free from sugars, artificial sweeteners, and preservatives. It is extremely versatile, being suitable to mix into any drink (without overpowering the flavour) or enjoyed with plain water.
